NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF EL PASO:

I. That Title 18 (Building and Construction), Chapter 18.02 (Building and Construction Administrative Code), of the El Paso Municipal Code, shall be and is hereby amended to add Section 18.02.101.4.9 (Selection Procedures for Third Party Plan Review Services) to read as follows:

Title 18 (Building and Construction), Chapter 18.02 (Building and Construction Administrative Code), Section 18.02.101.4.9 (Selection Procedures for Third Party Plan Review Services)

Section 18.02.101.4.9.1 Purpose and Authority.

The purpose of the procedures enumerated in this section is to provide the city with a selection procedure for pre-qualifying companies to perform the services of plan review under the provisions established by this Code. This section shall be applicable to the city’s selection of third party plan review companies under the authority of the Building Official. Specifically, the City, by and through the Building Official, shall select a third party plan review company solely on the basis of qualifications. The Building Official through the Pre-Qualification Procedure enumerated herein shall review a company’s qualifications. This section shall not apply to the selection of any companies to perform inspection services as those provisions are enumerated in the El Paso Municipal Code. In addition this section does not apply to the hiring of such companies by the City to provide services relating to potential litigation or to provide services ancillary to compliance with local, state or federal laws. Such hiring shall be done in

consultation with the City Attorney and in accordance with the applicable requirements of local, state or federal law.

Section 18.02.101.4.9.2 Pre-Qualification of Companies.

The requirements for pre-qualification of any company shall be determined by the Building Official and shall be approved by City Council resolution, which shall be made available to the public. In order to be considered as a provider of plan review services for a municipal project for the city, a company must be pre-qualified by the closing date of such project, as noted herein. The information presented shall objectively demonstrate that the company has the capacity to perform plan review services as provided under the provisions of this Code. A company may update pre-qualification information at any time, but it is the sole responsibility of the company to maintain current records with the city. Updated pre-qualification materials submitted by a company shall replace existing materials in their entirety. Failure to update records as necessary may result in the determination of non-responsiveness of any submittal for pre-qualification. The Building Official shall notify companies in writing as to whether or not they have met the pre-qualification requirements. Upon the granting of pre-qualification, annual renewal shall be required.

Section 18.02.101.4.9.3 Procedures.

A. Scope of Services.

1. The pre-qualified third party plan review companies may perform work for the private sector. However, any agreements entered into between a company and the private sector are private contracts to which the City of El Paso is not a party. Regardless of the terms of any private contract, any and all fees required by this Code must be paid to the City.
2. The pre-qualified company may also provide services to the City. These services to the City may include plan review related to the City's own municipal projects and/or plan review of private sector projects by the City for which the Building Official determines that third party plan review services would be appropriate.

B. Award of City Contract to Provide Third Party Services.

The City shall abide by all local, state and federal law, statutes, rules and regulations regarding the procurement of the services noted above in 18.02.101.4.9.3 (A)(2).

Section 18.02.101.4.9.4 Appeal Procedures.

Any company, which feels that pre-qualification procedure regulated by Section 18.02.101.4.9.2 has occurred improperly in the selection process, may appeal directly to the City Council of the City of El Paso. Such appeal must be made within ten (10) working days from the date of receiving written notice by the Building Official pursuant to Section 18.02.101.4.9.2. The City Council shall hear any and all appeals related to this section. The City Council shall be the final authority regarding any such appeals.

II. That this ordinance shall be effective upon its final passage by the City Council.
